PHILOSOPHY

The philosophy of the Suburban Parochial League West is based on the strong belief that athletics are educationally sound and that they play an important part in the development of the participant's physical, mental, emotional, and moral growth. The Suburban Parochial League West will offer experiences through competitive athletics and their lead-up activities that will enhance the educational programs of the member schools.

The League recognizes that though the elements of competition and winning exist, they will not be the determining factors in developing the scope and nature of the Suburban Parochial League West's programs. The basic principles of good sportsmanship and high ethical standards should prevail at all times in order to enhance the educational growth of the students who participate in the League's programs.
